

YARMOUTH REGIONAL HOSPITAL

The Yarmouth Regional Hospital (YRH) is a multi-specialty 124-bed hospital with full integration of family medicine and specialties within a collegial, multidisciplinary environment. We provide care to approximately 60,000 people in Shelburne, Yarmouth and Digby Counties. Yarmouth is the major academic site for Southwest Nova Scotia with campuses for Dalhousie Family Medicine and General Internal Medicine Residency programs, as well as Dalhousie University and Université Sainte-Anne Nursing programs.

OUR HISTORY

From its humble beginnings in 1912, to the vast complex seen today, the YRH has grown and adapted to meet the health needs of our communities. At its heart is a dedicated team of health care professionals striving to provide the best patient and client care possible.

OUR REGION

The Yarmouth Region is quiet and peaceful, yet full of adventure. It's where the land meets the sea! You can experience both English and Acadian cultures, and the darkest skies let the stars shine their brightest. It's where the seafood is fresh and local and the people are generous and caring.

Discover a life where ocean views and a lakeside home meet a fulfilling career at a regional hospital, surrounded by a supportive and welcoming community.
